

Curriculum Pathways

Seedlings

- A Pre-Formal learning pathway which is child centred, led by interest and sensory-informed.
- Focussed on EHCP targets and EYFS developmental goals.
- Highly adaptable, ensuring each child is supported at their own developmental pace.

Curriculum Pathways

Roots

- A semi-formal learning pathway.
- Practical, theme based and multi sensory approaches, enabling learners to engage with the National Curriculum outcomes at a developmentally appropriate level.
- Builds on pre-formal skills, supporting learners to become more independent, confident and able to participate in everyday life.
- Opportunities for ASDAN and qualifications to support learning for life in KS3/4 learners.

Curriculum Pathways

Branches

- A semi-formal curriculum which provides an individualised, theme-driven approach that is closely aligned with children's interests and developmental needs.
- Emphasises learning for life, focusing on independence, practical living skills and functional learning alongside academic development.
- Opportunities to explore work experiences and vocational activities, supporting preparation for the next stage of life and future pathways.
- Opportunities provided to progress towards formal qualifications and ASDAN accreditation.
